

# STUDIO COLOR DEPOSITING SHAMPOO

## Tips from Haley

Use a scrub mitt to allow shampoo to get even all over. (sometimes lets it sit for only 7 min.) Make sure the dog is clean before applying. It works best if the dog is cut no shorter than a 5 or 4 blade.

1. Wash dog with a good clarifying shampoo or a deep cleansing shampoo.
2. Rinse shampoo completely.
3. Squeeze water off with your hands or lightly towel dry so the dog is wet but not soaked.
4. Using a scrub mitt, apply the Studio Color Depositing Shampoo evenly all over the coat. (or in the spots you would like to apply)
5. Rinse and blow dry.

***Davis Studio Color Depositing Shampoo is available in Periwinkle, Blush and Sky***
