*Quick Turn around • Impeccable Quality • Superior Prices*

Testimonial from Kathy Hoshor, owner of Shampooch Palace:

"Owning a busy grooming shop and trying to get your blades and shears sharpened can sometimes be a problem. Having to take the extra time to drive and drop off, then return in two days to pick up only to find that the blades were not done very well. We were thrilled when Jonathan McKee contacted us from Davis Mfg. to let us know of their new sharpening services. We knew that we could depend on Davis Mfg. to deliver this service with speed, and quality. We decided to take advantage of this service, and were not disappointed. As usual, service was fast, and all blades and shears were as sharp as they were new. I am so pleased with their customer service, and quality of services. Thank you Davis for being such a support system for our industry."
